Pushed Down Into the Slump Pond to the Depth of 29 Cents and Sales Had to Be Stopped to Prevent Further Decline-There Were Plenty of Others in the Same Slough.

on the mining exchange this morning, after the call of Ajax had been made and the figures on the board presented the fact that with transfers totaling 5,900 shares Ajax had tumbled from 68 cents to 63 cents, the closing figure, with scarcely a rally. Trading was indeed lively, the brokers seeming most anxious to dispose of their holdings at "any old figure." Carisa followed Ajax in the trading and was firm around 65c. Three hundred Con. Mercur found a purchaser at 1.551/2, and the stock closed with 1.57 asked. Daly-West, ex-dividend, shared in the trading to the extent of twenty-five shares, which were sold for 29.25, the lowest figure at which a transfer has been made for some time. Lower Mammoth

shares at 1.29-1.30. The sensation of the day was furnished by May Day, with sales amounting to nearly 20,000 shares. The stock was dealt in at prices ranging from 55 to 49, the lowest figure at which transfers have been made in over a

was traded in to the extent of 300

Eight hundred Sacramento changed hands at 1214, and five hundred Sun-shine at 12. Star Con. loosened up shine at 12. Star on 10.00 shares at figures between 32¼ and 31¼, the stock closing at 32 bid. Uncle Sam Con. opened with a sale at 63½, and closed around 66. California. 63½ and closed around 55.

with transfers amounting to 9,600 shares sold at prices ranging from 38 down to 23¾. The call closed with a transfer of 500 Victor at 55-55½, and 1,000 West Morning Glory at 5 cents.
In the following list is given the clos

ing figures at this moroning's call: Bid. Asked Ajax Alice is as as as Albion 1 75 Bullion-Beck 1 75 Ber Butler 1 60 Black Jack 1 60 Boss Tweed Burton conda

Seat Owned by Late R. C. Chambers Changes Hands.

Charles S. Rolph, who recently moved

to Zion from Colorado, yesterday pur-chased the seat on the mining exchange formerly owned by the late Hon. Robert C. Chambers. The seat was formally transferred to the purchaser yesterday and it is stated that the consideration was \$750, which is not the highest figure yet paid for a seat. MINING NOTES.

Superintendent Sam Levy of the Boss Tweed has returned to that Tintic pro-

The Red Wing. Excelsion and Dia-mond mines are each on the market with a carload of ore,

"The end is not yet," said a broker | co, two from Eureka and one from | cation blanks for the use of candidates Cheyene Tribune: The report that ore

taken from the Abandoned mine at Jelm gave assay returns of \$18,000 in gold was erroneous. The assay only amounted to \$1,800.

Boise Statesman: David Kennedy, Arthur Hudson and J. T. Hodson, Salt Lake mining men, returned Sunday ev-ening from a first trip to Neal district and report themselves as greatly pleasd with the outlook there.

Manager Ryan of the Golden Star ompany of Gold Mountain, states that he development of that property has revealed most gratifying showings and but there is no doubt but that a mill all be erected on the Golden Star property in the early spring.

A trial lot of ore from the Plymouth took property in the Erickson district, boole county, has been received by Per-An examination o y Somers. metallic contents in the shioment is exected to definitely decide whether or not shipments can profitably be made from the district under existing conditions.

Dr. H. J. Faust, the mining operator, is in from Deep Creek to spend the holidays. He says that much work has been done in that district during the past few months and that in nearly very case where even assessment work only has been prosecuted, better mineral howings have been encountered. The loctor states that the claim owners generally are of the opinion that before many months a railroad will be built into the district.

According to Brig. H. Young, who has just returned from a five week's visit to the Dove creek section of the Park valley district there is every reason for the Salt Lakers interested in claims there to hope for much, Young reports that the various claims in that part of the district, where work ings of ore. He says that the fa'l has been a fine one for those aperating on claims, and that work will be continued during the winter. The Susie and other properties, give promise of develop-

ing into big mines. Percy Williams, general superintendent of the Century, is down from Park valley and will return to the camp the last of the week. He says that there is enough ore already in sight to keep the plant at the Century operating fe two years and that the lower tunnel work will soon add materially to the tonnage in sight. Owing to the friable nature of the ore, the mill handles about sixty tons a day instead of forty as it was expected to do, and in con sequence the stamps are hung up n day and a half a week. Mr. Williams expects soon that matters will shape themselves so that the mill can

be continuously run. The articles of incorporation of the Sheba Gold and Silver Mining company have been filed with the county clerk. The company, which is capitalized at \$500,000 in \$1.00 shares owns the Silver dation, Gold King, Silver W. H. Child secretary and treasurer. The operations of the company will be directed by Steve Baldwin, formerly superintendent at the Martha Washing It is stated that recent examinations of the property were of a most satisfactory nature and that work on the various claims will be prosecuted

BUSINESS NOTES.

Dun's Review gives the following summary of business conditions in Salt Lake: Business conditions in jobbing 1.300 at 66; 800 at 65½; 200 at 65; 100 at 664; 500 at 66½; 100 at 65½; 400 at 66½; 500 at 66½; 100 at 66½; 400 at 66½; 300 at 64½; 100 at 64½; 200 at Groceries, provisions, confectionery and holiday goods are in excellent demand, and trade is good in hardware, drugs and notions, and fair in dry goods, clothing, shoes and furnishings. Retall trade is fairly good, though mild wea ther still curtails business in some lines Collections are fairly satisfactory and money is in good supply and meeting with a fair demand at firm rates.

> The Utah Light and Power company is making improvements, and in the month of November expended nearly \$10,000 in improving its plant aside from cost of maintenance or labor. included new transformers, are lamps, meters, etc. The company is in readiness to expend a large amount of money in further developments when the time arrives. How soon that will be, Manager Campbell could not state teday, owing to questions as to title in the Ogden canyon property where the great reservoir is to be built and as to methods of procedure in the ounty farmer interests in the dam The company has expended altogether some \$25,000 in transformers alone in the effort to regulate the from the heavy wires to the smalle

S. D. Jackson, the veteran traveling ian, who has been on the road for over fifty years, and is well known in Salt Lake, recently died in Phi'adelphia at the age of eighty. Uncle Jackson represented a large suspender manufac-turing firm in Philadelphia, and was turing firm in Finiadelphia, and was sometimes called "Old Suspenders," on that account. He always took great care of himself and never dissipated. He was once a wealthy man, but lost everything in the great Chicago fire. and shock, he started out bravely t begin life over again. The old man was much respected and will be much missed. He lost his wife two years

The extensive improvements in the Z. C. M. I. are nearing completion and the retail department of the great in-stitution is in better shape to do business than ever before. Nearly \$15,000 and been expended in these desirable changes, and espcially noticeable is the etallic ceiling which does away with plastering and is a sure preventive against fire. The design of this new celling is highly ornamental.

A prominent insurance man, in commenting on the local insurance situation this morning, said that it would greatly for the advantage of the city out up the big blocks thus reducing the fire risk and increasing the valuation of city property. "As it he said. "the centers of the big blocks are of little practical value, and are largely used as dumning wounds for all kinds of refuse much of which is in-

MARKET VERY ERRATIC.

Much Irregularity in Opening, After Which Prices Were Going Every Way.

Amalgamated Copper Was the Chief Feature-Engagement of Gold for Export Sent Stocks Down.

New York, Dec. 11 .- There was great irregularity in opening price changes on the stock exchange today. Changes were mainly confined to fractions, Amalgamated Copper opened unchanged, fell 1/2 point and then rose as much above last night's close on very large dealings. The whole market weakened on the engagement of \$500,000 in gold for export, and a decline in Amalgamated Copper from 70% to 69% resulted. That stock rallied to 72, causing a recovery in the general market. The transcontinental and local tractions yielded easily. Th market became dull and irregular when Amalgamated Cop-per reacted to near 70, operators pre-ferring to deal lightly pending a more settled course in Amalgamated. Prices generally were above the lowest. Amalgamated Copper ran up again to about 72, sold off below 71, and railied to 72. General Electric declined 3 points, Pacific Coast second preferred 2%, Colo-rado Fuel & Iron 1%, and Denver & Rio

Bonds were irregular. There was a rise of 5½ points in Lackawanna and 3¼ in Delaware & Hudson, and sympathetic advances elsewhere. The Readings, Pennsylvania and New York Central rose a fraction over last night and Amalgamated Corper rose to 72%. The market about clock became immensely dull yielded somewhat.

A rapid fall in Amalgamated Copper to 70% and heavy selling of the trans-continental stocks enlivened trading somewhat. Colorado Fuel lost 3%. St Paul declined to 159 and the Pacifica vere also at the lowest. Baltimore & Ohio declined 21/4 to par. New York Central, Pensylvania, Delaware & Hudson and Lackawanna reacted from 1 to 21/2. The market became semi-stagnant for a time until the selling was renewed

The call money rate stiffened late in the day as it has for several days and brought large offerings on stock on the market, driving prices to the lowest of the day. St. Paul fell to 159, Nor-folk & Western lost 214. D. & H. receded to below the morning low price. Brooklyn Union railway dropped points and Colorado Fuel & Iron 5% All the principal active stocks were a point or more lower than yesterday' close. Amalgamated Copper dipped below 70 again. Rallies were feeble and the closing was active and easy near the lowest.

THE GRISWOLD DENTAL MANUFACTURING CO.

DENTISTS.

We manufacture artificial teeth on all

kinds of plates from rubber to porcelain, and make them better and for less money than they can be made by any other reliable dentist in the state, for the reason that we have a large and complete laboratory, fitted with every known time saving device and have adopted modern methods of handling our business. Our methods of producing all CHOWNS and BRIDGEWARK are superior in every respect and the time saved to busy people by having us do the work will in many cases pay our enthe charges. We employ expert dent-ists in every department and have every piece of work experted by Dr. Griswold, whose passing upon any work in dentistry means the strongest guarantee of its perfection. Under no circumstance will a single piece of work be allowed to leave our office that does not come up to his high standard of excellency. GRISWOLD GUARANTEES THE

Until January 1st only we will make a good set of teeth for \$4.85; others get \$10.00 to \$12.00, and will make the best grade for \$8.50; no dentist can make a better one. These prices will be raised on January 1, but will even then be far below the charges made by other dentists for similar but not as good work. If your plate hurts or does not fit properly, see the Griswold Dental Manufacturing company. We will reset them for you at a small cost and guar-antee them to be right. If your plate is broken we will repair it for from \$1.00 to \$2.00. We often are compelled to extract teeth in order to prepare mouths for artificial teeth, and can do so absolutely without pain and with no danger to life or any inconvenience of any kind resulting. Our price is 50 cents. CROWN AND BRIDGEWORK.

We will discount the price of any other dentist on all Crown and Bridgework and guarantee the work to be per-fect in every detail. We use only the very best gold and do the work better than others because of our large experience and our most perfect means and methods of producing the work quickly; and, more we will advise you con-scientiously as to what is the proper thing to have done in your particular case. Are you thinking of having some work done? If so, consult us, and we will tell you frankly what is needed and the exact cost. We guarantee to save you money. Consultation free Remem-ber that our terms are cash in every instance. The Griswold Dental Manufacturing company, over Walker's Bank, where we have been for twelve J. N. CORBIN INDIGNANT.

Says That "Dud" Wilson is Alive in Idaho Now.

Following the press dispatches which vere printed on Saturday regarding the execution of a convict by the name of "Dud" Wilson, who had murdered a guard at Little Rock, Arkansas, a persistent rumor was circulated to the effect that the criminal who had paid the penalty for his crime was none other than the former sheriff of Grand county, Utah. The morning papers today credit J. N. Corbin, county attorney of Grand county, and editor and proprietor of the Grand Valley Times, with positively identifying the executed man from the descriptions published as be ing none other than the ex-sheriff or

his county. This Attorney Corbin most emphatically denies at the same time stating that he is of the belief that "Dud" Wilson is at this tim running a saloon a Grangeville, Idaho. 'I cannot see how I came to be cred

ited with any such statement as credited to me in the morning papers," he said this morning to the "News," "unless it is that a gentleman came to me and said that Wilson had been hanged last week and I expressed surprise at the statement, as I knew that he was up in Idaho with his family the last time heard of him, and I still believe that he is in business there at this time. It seems to me that the Salt Lake papers never let a chance go by to give Grand county a black eye. It has always been so in the past, and I want to say right now that our county is not nearly so black at it is painted. Such statements are a libel upon the peopl down there, who for the major part are just as law-abiding citizens as you will find anywhere. Grand county is thankful for any advertisement she can get in regard to her mining and oil interests, but when it comes to exploiting her citizens as hard cases that is entirely another matter.' In speaking about "Dud" Wilson My.

Corbin stated that while the sheriff was politically opposed to him and vice versa that they were otherwise good friends and during his term of office e made a very efficient and fearless
